

Review: *A Pocket Guide to Atheism: Understanding the Inherent Problems of a no-God Worldview, Answers in Genesis, Hebron, KY, 2014 (2017 edn)*

Pages: 95

Undeniable Evidence

This pocket guide deftly covers the now-dominant religion in the West; atheism, or secular humanism.

Atheist dictators and their murderous fruits which evolution is at the heart of; New Atheists and their 'spiritually' satisfying science; hypocrisy of 'borrowing' from a theistic world view to employ logic against Christianity are exposed.

The Copenhagen Declaration on Religion in Public Life was published in June 2010 by the World Atheists.

Stalin is estimated to have killed 20M and Mao 17M.

Archduke Ferdinand's assassination on 18 June 1914 was the endpoint of a simmering German society.

The Nazi Lebensborn program was for evolving a "master race" under Pan-Germanism.

The Nazis re-wrote the Bible 1939-1941 including Twelve Commandments (including I: "Honor your Fuhrer and master").

Lenin took power in Russia in 1917 becoming ruthless, who gave power to Trotsky.

Lawrence Krauss posits that science offers a better 'spirituality' ("a sense of oneness with the universe").

Atheists often claim "Laws of Logic are conventions made up by man".

Laws of logic do not describe physical aspects of the universe.

Scepticism is self-refuting human philosophy; Socrates: "All I know is that I know nothing."
