Black Horse Rider Saddles Up

From readily available material, Texe Marrs pieces together what the 'elites' have done, are doing, and will accomplish with the destruction of self-sufficiency regarding food supply under their coming New World Order.

Although this book is two decades old, the only thing which has changed is that the socialist noose around America's neck has tightened.

"And when he had opened the third seal, I heard the third beast say, Come and see. And I beheld, and lo a black horse; and he that sat on him had a pair of balances in his hand."
