

ISLAM'S FIVE-POINT HATE PLAN

The United Nations for Islam is attempting to bring in global blasphemy laws per Sharia. The plan[†]:

I. Conflate hatred of the *Qur'an* with hatred of *Muslims*.

"Inflammatory **Acts against Muslims**...current **desecration of the Holy Quran** in some...countries."

II. Gaslight the world over hatred *your own god Allah* commands [Al-Ma'ida 5.14: "Christians...we estranged them, with enmity and hatred..."]:

"burning of the Quran...appeared to have been manufactured to express contempt and inflame anger; to drive wedges between people."

III. Gaslight the world over anti-semitism [Jews are despised apes, Al-Baqarah 2.65: "Be ye apes, despised and rejected"], and anti-Christianity [Al-Bayyina 98.6: "The People of the Book...are the worst of creatures"]:

"The High Commissioner said...anti-Semitism; and actions and speech that targeted Christians...were manifestations of utter disrespect...offensive, irresponsible and wrong."

IV. Use a veiled-threat of Jihad reprisals:

"Expressions of intolerance needed to be countered so that they did not encourage further acts of intolerance or **even of violence.**"

V. Double-speak on balancing free speech and stopping hate speech. What happens when a movable object (Western 'ethics') meets an unstoppable force (Islam)?

"Free speech was as indispensable as hate speech should be indefensible."

The only 'free speech' in the Qur'an, and therefore any Sharia-compliant state, is by Allah, for *Allah knows best!*

"If they do wrangle with thee, say, "**Allah knows best** what it is ye are doing." (Al-Hajj 22.68)

Unlike Islam, Christianity has no need of blasphemy laws, since it doesn't fight for a worldly kingdom:

"Jesus answered, My kingdom is not of this world: if my kingdom were of this world, then would my servants fight, that I should not be delivered to the Jews: but now is my kingdom not from hence." Jn 18.36
