

\$100 OF EVIL IN PLAIN SIGHT

The new AU \$100 Bill has been circulating since 29 October 2020, but it was *revealed* 24 February 2020[†], two weeks **before** the so-called COVID-19 'pandemic' was declared. Note design is a "demanding" task[‡], meaning it would take some time to complete.

What symbols are "hidden in plain sight"? Obverse [O]:

O1. Shocked Illuminati owl:

- a. inside a cell with spike proteins exiting; and
- b? at ground zero of nuclear blast radii and fallout cloud [SE wind].

O2. 9 green wattle leaves; 9 wattle flowers at the left.

O3. High-yield air blast column with radiation and heat emission over U.S. Capitol? 13 spike proteins on the left [Boaz] and 13 on the right [Jachin];

O4. Sad **masked** Illuminati owl [*Tyto novaehollandiae*] looking downwards;

O5? Phoenix rising from the destruction;

O6. Crowning feminine, fertility, and papal scallop shell - god of this world;

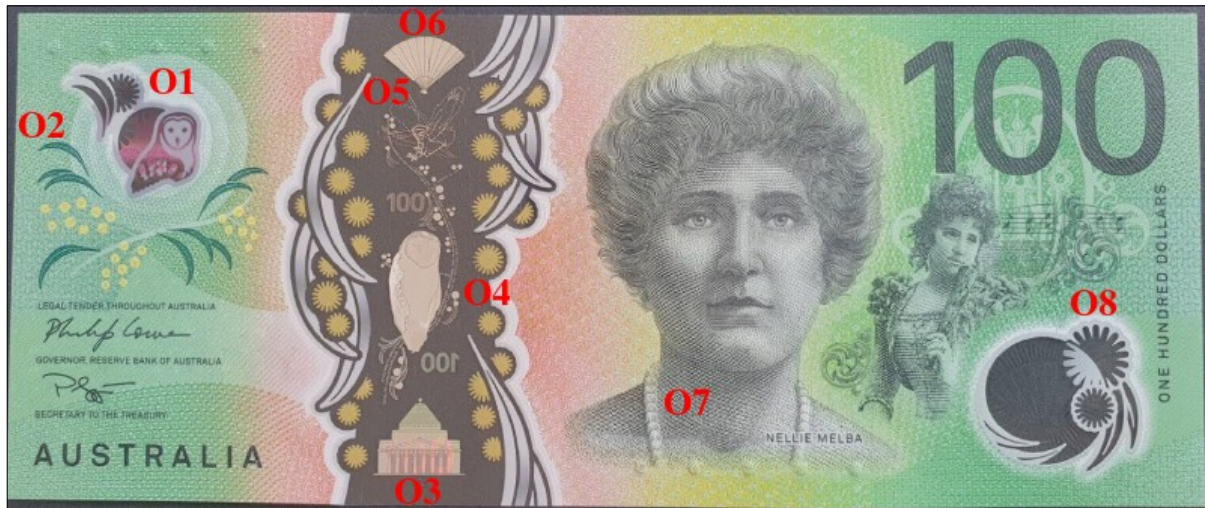

O7. Dame Melba with *human teeth* necklace;

O8. Corona virus released from behind the god.

And on the reverse [R]:

R1. Illuminati pyramid with Tau cross of eternal life on frustum, raised over rubble of the U.S. Capitol;

R2. 13 poppy flowers.

Is such occult symbology merely coincidental?

"Lest Satan should get an advantage of us: for we are not ignorant of his devices." II Corinthians 2.11, AV
