Today, the body whose sole charter is to prove Anthropogenic Global Warming is the United Nations Intergovernmental Panel on Climate Change (IPCC). [ex] IPCC Chief Rajendra Pachauri: "we do what the governments of the world want us to do...If the governments decide we should do things differently and come up with a vastly different set of products we would be at their beck and call."

The group which has invested the most political (pushing 'global warming'), and physical (economic 'decarbonisation') capital has been the 28-country EU. This is a Vatican 'project' from Rome founded on Roman Catholic principles: "The seven heads are seven mountains, on which the woman sitteth...And the woman which thou sawest is that great city." Revelation 17.9bc-18a

It is no coincidence the current Jesuit Pope, Francis I, is intending to release an encyclical in 2015 to the 1.2B faithful telling them they must act on 'climate change'.

Thus saith the LORD of hosts, Hearken not unto the words of the prophets that prophesy unto you: they make you vain: they speak a vision of their own heart, and not out of the mouth of the LORD." Jeremiah 23.16

There were false prophets in Jeremiah's day before Jerusalem was destroyed and Judah taken to Babylon-they said peace would hold and no evil would come. Today, the modern climate alarm movement is riddled with false prophets:

Prophet	Prophecy	Given	Outcome
Professor Ove Hoegh-Guldberg	Mass Reef bleaching would occur two-yearly from 2010.	2000	The last mass Great Barrier Reef bleaching was 2006.
Dr David Vincer	British winter snowfall would become 'a very rare event'.	2000	5 of the 6 snowiest winters have since occurred.
Professor Tim Flannery	Sydney's Warragamba dam has two year's water left.	2005	The Dec, 2014 dam levels are at 87.6%. ⁸
Flannery	Adelaide, Sydney and Brisbane need desalinated water.	2007	Desalination plants are now white elephants.
Professor Mike Archer	Seas will rise 100m-sharks will be in the centre of Sydney.	2007	1995-2014 global sea level rise has been 3.2mm p.a.
Flannery	In five years there will be no more ice over the Arctic.	2008	2013 summer minimum Arctic coverage was 6M m ² .
Flannery	Hot soil will mean rain won't fill dams.	2009	Dams are full and severe flooding has occurred.
Climatologist Bertrand Timbal	Pattern of 1950s-70s rainfall has now permanently reduced.	2009	2010-11 were Australia's wettest years on record.

At the same time apocalyptic CO2 prophecies have proven false, and 31,487 scientists have rejected AGW⁹, the UN is now more certain action is needed. Instead of seeking personal salvation from sin, people are reaching for a 'global salvation' on offer by Mother Earth, the Goddess Gaia.

Weather-Weary

With the planet having warmed 0.8°C since 1880AD¹, there is great fuss over catastrophic Anthropogenic Global Warming (AGW) from carbon dioxide production: 'Climate Change' a.k.a. 'Climate Disruption' a.k.a. 'Climate Collapse'! Many believers in this are also believers in a religion called Evolution!

Strangely enough this means they also believe in many fantastic non-AGW events:
*For about 700Ma after Earth formed the temperature was 700+°C!
*A planet the size of Mars ('Theia') once hit Earth to create the moon.²
*Earth's surface was a frozen snowball (-50°C) for 100s of Ma.³
*Dinosaurs ruled a lush CO2-induced 'greenhouse' planet for 190 Ma.
*In 6ka, temperatures increased 5°C helping green the planet.
The carbon (coal) dug up from the ground and burnt today was at one time in the air. When in the air as CO2, this carbon made the earth more fertile, so returning it to the air from whence it came is likely to have a similar effect. There is no need for alarm.

"Fair weather cometh out of the north: with God is terrible majesty." Job 37.22

The Holy Bible also speaks on earth's climate-the design, its history and the future:
***At origin a planet covered by liquid water:** "And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters." Genesis 1.2

***Ocean current systems:** "The fowl of the air, and the fish of the sea, and whatsoever passeth through the paths of the seas." Psalm 8.8

***The Hydrologic Cycle:** "He causeth the vapours to ascend from the ends of the earth; he maketh lightnings for the rain; he bringeth the wind out of his treasures" Psalm 135.7

***Noah's Flood (flooding; ocean rifting; rapid plate movement; mountain formation; planet resurfacing):** "And, behold, I, even I, do bring a flood of waters upon the earth, to destroy all flesh, wherein is the breath of life, from under heaven...the same day were all the fountains of the great deep broken up, and the windows of heaven were opened...They [the waters] go up by the mountains; they go down by the valleys unto the place which thou hast founded for them...The fountains also of the deep and the windows of heaven were stopped, and the rain from heaven was restrained; And the waters returned from off the earth continually." Genesis 6.17a-h, 7.11de, Psalm 104.8, Genesis 8.2-3a

***Post-Flood Ice Age:** "Out of the south cometh the whirlwind: and cold out of the north." Job 37.9

***Future Solar-Flare/Sun-Spot Activity:** "And the fourth angel poured out his vial upon the sun; and power was given unto him to scorch men with fire. And men were scorched with great heat, and blasphemed the name of God," Revelation 16.8-9b

While our volatile climate has, is, and will change, the four seasons remain:

"While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease." Genesis 8.22

Weather Worship

Prior to the Industrial Revolution of the 1950s, people lived in a more agrarian society subjected to the weather. The farther back from this date the greater the dependence on 'mother nature'-no harvest could mean death by starvation.

For this reason man worshipped gods that would help him grow food. Of course, the gods were not going to help out for free, so various sacrifices were required-up to and including their own children!

Most notably worshipped today by Roman Catholics, the queen of heaven was also petitioned by the Israelites with food offerings to get a good harvest:

"The children gather wood, and the fathers kindle the fire, and the women knead their dough, to make cakes to the queen of heaven," Jeremiah 7.18a-d

Tammuz Sumerian God of vegetation, whom Israelite idolatresses wept for after his untimely death by a wild boar: "Then he brought me to the door of the gate of the LORD'S house which was toward the north; and, behold, there sat women weeping for Tammuz." Ezekiel 8.14

Tanit, infamous goddess of ancient Carthage. Worshippers practiced child sacrifice to bring fertility blessings among other things. She is also portrayed with a lion's head: "And changed the glory of the uncorruptible God into an image made like to...fourfooted beasts." Romans 1.23a,c

Nisroch, the Assyrian god of agriculture: "And it came to pass, as he was worshipping in the house of Nisroch his god, that Adrammelech and Sharezer his sons smote him with the sword..." Isaiah 37.38

God understands man's desire to believe in a 'higher power', create one in his own image and worship it. This is a pitiful echo of man's history once being in true fellowship with His Creator, now twisted into nature worship:

"And lest thou lift up thine eyes unto heaven, and when thou seest the sun, and the moon, and the stars, even all the host of heaven, shouldst be driven to worship them, and serve them," Deuteronomy 4.19a-g

The State works hard to indoctrinate suggestive young minds with at least thirteen year's schooling. Simple dogmas like saving the Great Barrier Reef, or 'pollution' (i.e. water vapour) coming out of coal power station cooling towers are drilled daily.

You are being led down a strange path of 'global warming' media bombardment; guilt trip by labelling carbon 'emissions' pollution; 'feel-good' environmentalism; and uniting the world in the humanitarian cause 'sustainable development'.

The end is a new 'post-science' science, with the planet worshipped as god. This takes the place of the true and jealous God, creator of heaven and earth.

The time today is not to worry about 'saving the planet', but your own soul. This is done by admitting all your guilt, believing Christ died for your sins on the cross, and confessing Him as your personal, eternal saviour:

"He [Jesus] answered and said unto them, When it is evening, ye say, It will be fair weather: for the sky is red. And in the morning, It will be foul weather to day: for the sky is red and lowering. O ye hypocrites, ye can discern the face of the sky; but can ye not discern the signs of the times?" Matthew 16.2-3
